

THE ST. LOUIS BEHIND TIME

Has Been Sighted Off Nantucket Moving Slowly.

Special to The Journal
NEW YORK, Jan. 17.—The American line steamer, St. Louis, which is some four days overdue from Southampton, passed Nantucket light house ship tonight moving very slowly. Because of the storm signals could not be made out, but it is supposed leaky boilers have caused the delay. The steamer will reach New York Saturday noon.

OLD HEBREW MANUSCRIPT

Five Books Discovered Written on Parchment Which Date 116 Moslem Era

Special to The Journal
LONDON, Jan. 17.—A Cairo dispatch reports the discovery in Syria of one of the oldest Hebrew manuscript Bibles. It consists of five books of Pentateuch written in Semitic characters on parchment in the year 116 of the Moslem era. It shows important differences from the existing text.

CHURCHMAN IS ACCUSED

Preacher and School Teacher Under Strong Suspicion Stealing Cattle

Special to The Journal
GUTHRIE, O. T. January 16.—Jas. Grandy, a preacher, and William Burwell, a Sunday school teacher, are accused of wandering far enough from the straight and narrow path of the churchman to steal cattle. They are now under arrest at Homestead, O. T., and report has it that the evidence against them is very strong. They claim a residence near Dane, O. T. Neither seems to be very well known in the Territory, either as churchly shepherds or herders of beef. This cattle experience is almost their introduction to the Territory.

NEW METHOD OF TRAVEL

The Experiment to Be Made Tomorrow a New System of Traveling

Special to The Journal
PARIS, Jan. 17.—Much interest attaches to the experiment to be made tomorrow of the new system of railway traveling by automobile. Arrangements have been made for a train of three automobile carriages to leave the Hotel de Ville tomorrow morning for Dijon. The train will travel sixty-two miles an hour. The carriages will take forty passengers each, as well as luggage and a lavatory and bar will be provided. Under the system employed a small quantity of petroleum converts a small amount of water into the greatest possible propelling power, the steam acting directly on the wheels. Thus locomotives are superseded and each carriage is independent. The promoters of the venture believe that a speed of more than sixty miles an hour can be maintained for the whole distance from Paris to Nice.

FILIPINO TRANSPORT SERVICE

The Secretary of War Has Been Authorized to Make the Contract

Special to The Journal
WASHINGTON, Jan. 17.—An amendment to the army bill has been introduced in the Senate authorizing the Secretary of War to charter army transports. The agent of the Pacific Mail Company says that his company is prepared to make contract with the government to carry all troops and freight to and from the Philippines.

Sixteen-Inch Rifle to Be Tested
Special to The Journal
NEW YORK, Jan. 17.—A sixteen-inch rifle, the largest in the world, having a range of twenty miles, is to be tested tomorrow.

Joseph West and wife, of Republic, Wash., are in town on a short visit. Mr. West has been in the theatrical business for a number of years and is looking over the country in this vicinity with a view to going into business.

THE MINERS' ANNUAL MEETING

Delegates Are Gathering From All Parts of the United States.

INDIANAPOLIS, Ind., Jan. 17.—Delegates are arriving for the thirty-first annual convention of the United Mine Workers of America, which will begin Monday in Tomlinson Hall. It is expected that fully 1200 delegates will attend, and there is some apprehension that the body will prove unwieldy, as this is the largest labor convention ever held.

The convention will be not only the largest but the most important in the history of the organization. The great strike in the Pennsylvania anthracite districts and the many smaller strikes of last year will be reported by the officers and an explanation made of their prosecution. The report of President Mitchell will deal with the anthracite strike and will be long. The report of Secretary and Treasurer Wilson will include the reports of the auditing and executive committees on their work during the year. The latter reports, covering the disbursements for relief during the anthracite strike, will contain the largest figures ever known in a labor organization financial report.

It is understood that the miners will ask for an increase of from 10 to 20 per cent in wages, but this will be stubbornly resisted by the operators at the joint wage conference which is to follow the miners' convention. Considerable interest attaches to the part the anthracite men will take in the conference. The foundation for their strike was laid here last January, but as the decision of the arbitration commission may cover a period of three years, they may not be vitally concerned in the proceedings.

President Mitchell will preside over the proceedings and it is expected a number of prominent labor leaders in other fields will occupy places on the platform as interested auditors. The first order of business to come before the opening session Monday morning will be the report of the credentials committee. This will require considerable time, though it is understood there are no contests to speak of for

THE MANILA COURT MARTIAL

An Officer Roasted Alive According to the Testimony of a Native

Special to The Journal
MANILA, Jan. 17.—In the court-martial of Major Glenn, who is charged with the killing of native prisoners in Samar, a Spaniard testified that while he was a prisoner in the Filipino camp in that island he saw a captured American officer roasted to death. The man was tied to a pole and slowly turned over before a fire.

HE MADE ONLY SEVEN MILLION

The Work of the Interstate Commerce Commission Continues

Special to The Journal
NEW YORK, Jan. 17.—In the interstate commerce inquiry into Louisville and Nashville merger, the witnesses today testified that John W. Gates, who was heartily interested in the deal had cleared a little over seven million dollars.

Fresh caramels at Manheim's.

POULTRY SHOW AT SYRACUSE

The Largest Exhibition of Poultry and Pet Stocks Ever Given in New York

Special to The Journal
SYRACUSE, N. Y., Jan. 16.—One of the largest exhibitions of poultry and pet stock ever given in Western New York is that which opened in Fishburgh Hall today under the auspices of the Flower City Poultry and Pigeon Association. The exhibits number several thousand and include all varieties of turkeys, geese, chickens, ducks and pigeons, as well as a large assortment of hares, guinea pigs and other pet stock. The exhibition will continue open six days and present indications point to a large attendance of visitors.

SOCIALISM IN FRANCE

The Eight-Hour System to Be Inaugurated in French Naval Arsenal

Special to The Journal
PARIS, Jan. 17.—The eight-hour system coming into force at all the French naval arsenals tomorrow is cited as an instance of the present ministry's social reform tendencies. It is considered possible that the workmen on the State railways will be encouraged to demand equally favorable treatment as the arsenal hands. The innovation has called forth vigorous remonstrances from the influential section of the community which regards the step as a further dangerous advance toward State socialism. Opposition to the scheme is also based upon the alleged indirect effects and pernicious consequences arising from increasing interference of the State between employers and employed.

WILL HONOR ATTORNEY-GENERAL

Mr. and Mrs. Knox to Be Entertained in Philadelphia For a Day

Special to The Journal
PITTSBURG, Pa., Jan. 16.—Attorney-General and Mrs. Knox arrived from Washington last evening and during the remainder of the week will be the guests of Mr. Henry C. Frick. This evening the attorney general will be the guest of honor at a dinner given by Mr. Frick and tomorrow Mrs. Knox will be given a luncheon by their host.

IT WAS AN EASY CAPTURE

After Killing His Man Reynolds Telegraphs the Sheriff to Come After Him

Special to The Journal
TACOMA, Wash., Jan. 17.—John Reynolds killed William McNally, at Wellington, in the mountains yesterday in a fight and then telegraphed to the sheriff to come and get him. The officer went to the scene and placed him under arrest.

THOUSAND A MONTH

That Amount and Expenses Supported Commission.

Special to The Journal
WASHINGTON, Jan. 17.—The statement prepared by the State Department gives the expenses of the Isthmian Canal Commission. It shows that each member of the commission has been allowed compensation at the rate of \$1000 a month, with traveling expenses added. Under this arrangement the aggregate amount paid to the nine commissioners as salaries up to February 28, 1902, amounted to \$225,289. The traveling expenses of the Commissioners averaged about \$18,000 each.

SOME EMINENT ECCLESIASTICS

Will Take Part at the Dedication of New Portion St. Patrick's Church Tomorrow

Special to The Journal
WATERBURY, Conn., Jan. 17.—A number of well known priests and prelates of the Roman Catholic church are here to take part in the ceremonies tomorrow incident to the dedication of the new portion of St. Patrick's Church. Cardinal Gibbons is expected to say the mass and Bishop Tierney of Hartford is to officiate at the dedicatory ceremony. Other eminent churchmen will also take part.

MONUMENT TO VON KETTLER

Who Was Assassinated in Peking at the Outbreak of the Boxer Troubles

Special to The Journal
PEKING, Jan. 17.—The monument to Baron Von Kettler, the German minister, who was killed in Peking shortly after the outbreak of the Boxer troubles, will be dedicated tomorrow. Chinese and German officials participating in the ceremonies. The monument is a white marble arch spanning the principal business street at the spot where Baron Von Kettler was assassinated.

MORMON CHURCH
DEFENDS HIMWm. H. Young, Accused of Murder,
Will Have Ecclesiastical
Support.

Special to The Journal

NEW YORK, Jan. 15.—With the Molyneux trial still fresh in the public memory and the Louis Disbrow murder trial now on, still another notable murder case, and one of absorbing interest to criminologists, will come up for trial next week. This is the case of William Hooper Young, a grandson of Brigham Young, who was indicted in October last for the murder of Mrs. Anna Nelson Pulitzer, a woman whom he had lured to his rooms in West Fifty-Eighth street.

The crime was one of the most brutal the police have been called upon to deal with since the Goldensuppe murder. For some time prior to his alleged commission of the crime Young had been occupying a room in the luxurious apartments of his father, John W. Young, a promoter and capitalist of wealth and high financial position, who was at the time absent in Europe on business. The son had the reputation of being a ne'er-do-well, drifting from one occupation to another and living at various times in Utah, the State of Washington and various other parts of the country. Evidence collected by the police, strengthened by the confession alleged to have been made by Young after his arrest, goes to show that the young man took the woman, with whom he had had some previous acquaintance, to his rooms on the night of the murder and there drugged her and then proceeded to cut up the body in the most diabolical manner. The remains were then taken in a trunk across the North River, where they were thrown into the shallow waters of a canal. The body was found the next day weighted down with a hitching weight. The first clue to the identity of the murderer was furnished by a Jersey liveryman who identified a photograph of Young as the man to whom he had hired a rig the day before and who also identified the hitching strap and weight as his property. A visit to the Young apartments furnished ample evidence of the commission of the crime.

About the same time the Chicago police discovered a trunk which had been shipped to that city by Young and which contained the dead woman's clothes and valuable. For two or three days the New York police scoured the city in search of the young man. Before the end of the week he had been captured in Connecticut in the disguise of a tramp. It is alleged that he made a full confession to the police, but implicated another person in the actual murder. The authorities however, refused to credit the story of an accomplice as all the evidence tended to show that Young alone committed the crime and hid the body.

The relatives of the accused, who are leaders in the Mormon church, will bring to his defense all that their wealth and influence can command. The finding in Young's room of writings and Biblical quotations on "blood atonement" have suggested that the victim was sacrificed by a religious fanatic, and this has stirred the Mormon church to angry protests and bitter denials. The church authorities, in fact, assert that they are not at all interested in the defense of the young man and that despite his descent from the great Mormon leader he was not one of their number, having renounced the faith of his fathers a number of years ago.

John W. Young, father of the accused, is expected to be present at the trial. Eminent counsel has been engaged to conduct the defense. The police consider their case so complete that they expect a plea of insanity to be entered. It is known that Young for many years has been a victim of the use of morphine, cocaine and other drugs.

The police consider their case so complete that they expect a plea of insanity to be entered. It is known that Young for many years has been a victim of the use of morphine, cocaine and other drugs.

WESTERN
BUILDERSThe Work Inaugurated
by the Irrigation Association.

Let it be borne in mind that national irrigation is a public and not a private enterprise and that the passage of the National Irrigation Act was intended to be for the benefit of home-builders on the arid public domain and was not passed to aid private individuals or corporations holding large tracts of arid or desert land. Now that the actual construction of federal irrigation works is soon to begin, it behooves the true friends and supporters of the national irrigation movement to be ever on the alert in order that the real purposes of that act may be carried out, so that the benefits that will result therefrom shall accrue to the people and home-builders, and not to scheming land monopolists. The securing of an act by congress did not complete the work of the national irrigationists. There is much work yet to be done, and this work can best be accomplished by maintaining an organization such as the National Irrigation Association, which will continue to uphold and disseminate a sound public sentiment in regard to every phase of the irrigation problem, both in the east and west, and ever be watchful to prevent its perversion into wrong channels and for selfish purposes. The Pacific Rural Press, which has ever been a consistent advocate of federal irrigation works, is evidently one of the journals of the west which realizes that the work of the friends of national irrigation is not yet completed. In a recent issue that paper sounds the following timely words of warning and points to the importance of having the work about to be inaugurated placed into the hands and under the direction of men imbued with the right public spirit.

"The announcement is made that the United States has something like \$10,000,000 ready to go ahead with the irrigation reclamation of the arid region, as provided for by the act of the last Congress. We are a little afraid about that money. It seems pretty large and there is considerable likelihood that it may attract the attention of all the schemers and boomers on this half of the planet. The beneficent work which has been provided for is likely to be mixed up with all sorts of private and corporate schemes for improving land which can be had for nothing and sold high, or to improve land for which the government has no title and consequently cannot deliver

to settlers, as the public supposes the purpose of the expenditure will be. Of course, this may not happen, and we hope it will not, but it will be a very good plan to be sure that all connected with the work are really philanthropists and loaded with genuine public spirit, and have no axes under their jeans to pull out for grinding when the wheels begin to go round. We have had too many great public land schemes leading to private purposes in the past. Let us be sure this time that the affair is great and and only great."

Now is the Time

To get your wheels repaired, enameled, cleaned and placed in first-class riding condition for spring. Baked enamel and color, same as factory work. All makes of tires and repairs for all kind of wheels, satisfaction guaranteed. New 1931 bicycles will be in about February the 1st. CRIMINAL GUESSWORK

Shows Injustice to Town and Physicians of Reno.

Under the caption of "Criminal Guess Work," the Virginia Enterprise publishes the following:

"The present epidemic at Reno is said to be due partly to incompetent physicians. A resident of that town was taken ill and a doctor called, who did not know what was the matter with the patient, but said he thought he was suffering from diphtheria and would give him a dose of anti-toxine. The patient died and an autopsy showed he had been suffering from pneumonia."

The Journal is inclined to the belief that the writer of the above has been misinformed as to the conditions prevailing in Reno.

There is no epidemic in Reno at the present nor has there been any and there is no likelihood of such a thing.

In saying that present conditions are the result of incompetent physicians, throws the entire medical fraternity of the city under the ban, so to speak.

If there are incompetent physicians practicing in Reno, it seems that the paper should state their names.

Will the Enterprise state the name of the physician and also the name of the person that died?

ABOUT THE RAIL-ROAD ASSESSING

Washoe County's Tax Man Believes the Rates Sufficiently High

The Carson Appeal of yesterday can be credited with the following:

Yesterday W. S. Beard, Assessor of Washoe county, paid this city a visit. During the visit he and the Appeal man met and a general conversation relative to the late action of the State Board of Assessors followed.

Mr. Beard believed that the Appeal was a little severe in its judgment of the work performed, and considerably biased in its report. He stated: "For the first time in the history of the Southern Pacific, it is endeavoring to better conditions in this State. Not only is it giving the people better rates, but it is making provisions for stop-over tourist tickets, that the poor man who is looking for land may have a chance to visit this State and see what it offers in the way of lands and inducements for homes and business."

"The road is doing this, not alone to help Nevada, but to help itself, as it is traffic and freights that are needed. Another thing under the new rule is the fact that anyone who has a grievance, is now given a chance to have a hearing, and the officials of the Southern Pacific are doing everything in their power to make the road popular with the people who give them custom. As for the assessment, I believe it is high enough for the present as the company has been at enormous expense in this State for the past two years repairing and building new roads and cut-offs. It is hardly fair to a corporation or individual to raise the rate of taxation, when they are under extra expense, and I believe that under the circum-

stances that the assessment is high enough.

"As for the local road the V. & T. the assessment, I believe to be sufficiently high. Until the past year, or up to the time that Tonopah made extra travel and freights, the road was not on a paying basis. At present the road is paying handsomely, I believe, and should the same condition exist a year from now, I believe that a raise in valuation would be in order."

"Of course the counties that are away from the main line naturally look for heavy assessments on railroads, as it lightens the burden for such counties. When the Southern Pacific finishes its repair work and is in a condition to stand a raise, then is the time to see that the road is more heavily taxed, but for the present the rate is sufficient."

When asked if he did not think the V. & T. being taxed at \$8000 a mile that the S. P. should be taxed \$20,000 a mile, as the volume of business was a hundred times heavier, he stated that he believed that both roads were paying a sufficient taxation under the existing circumstances. The Washoe County Assessor stated that if the Assessors will see that the taxes are collected as arranged by the late meeting of the Board, that the State rate can be further reduced and the taxation in many counties that are going ahead will also be lowered. In his county he believes that the next assessment roll will lead the State. It was only a short way behind Elko county last fall, and from the new property that is coming in, he is satisfied that Washoe will be the heaviest taxpayer in the State.

RAILROAD NOTES

There is Something Doing Along the Line These Days

The new steam "paddy," shipped from the manufacturers in Ohio, arrived at Ulyatt's gravel hill yesterday and as soon as it is put together will be put to work on the new shops' tract and vicinity. These levathan shovels are able to load a big C. P. R. R. car with gravel in three minutes, and the false bottoms of the cars let out the load in three seconds. The company has bought of Mr. Ulyatt all the gravel they wish for construction work for one year, agreeing to leave the land level and ready for agricultural use, at the end of the time. The first work to be done, we are informed, is to complete the mile or so of space between the ends of the track. This will take but a short time, then the land for the new shops will be filled by Stone Bros., who have had this contract for some time. The company will lay over 8 miles of tracks for the yards near the round house. This will make it one of the largest plants on the Pacific coast.

They have already made the crossings to connect Wedekind Avenue, Beech street and Cedar street, running north and south.

Fourteen car loads of ties besides lots of other building material has been dumped along the track this side of the shop's tract. These will not be taken there until the land is level and ready, to save handling it twice. Early spring will find this camp one of the liveliest places in Nevada.

Justice Court

There was but little doing in the Justice Court yesterday.

J. W. Fisher and Thomas Ferral, who were arrested on a charge of petty larceny, will be given a hearing this morning.

The case of the State vs. C. A. Bradley was set for hearing next Tuesday.

Nellie Robinson was permitted to go on her own recognizance until Monday. Nellie went off on a big booze recently and didn't do as she ought to.

A Skating Party

Skating parties are now the rage in this city. Nearly every night one or more parties are made up and skating indulged in until the sun comes up in the morning. Last night a party of twenty-five went out to Spanish Springs Valley, where the skating is said to be fine. They returned this morning and reported having had a fine time.

A Correction

In making mention of the death of Mrs. Lake a few days ago, The Journal gave the initials as Mrs. C. M. Lake. This has led to some confusion. The article should have read "Mrs. Jane Lake."

Harry Davis has all the leading magazines and publications—single copies sold or subscriptions taken.

INTERESTING FOOT RACE

People of Lovelock Given a Treat in This Line Last Thursday

The big foot race between Sam Davis, the champion 100 yard sprinter, of Humboldt county, and "Babe" Mayer, the champion of Nevada and Utah, was run at Lovelock, Thursday afternoon, at 3 o'clock.

The stakes were for \$200 a side. At the pop of the gun they were off and for 80 yards the Lovelock athlete was six yards ahead, the next 20 yards "Babe," the Elko wonder, rapidly forged ahead, beating big Sam Davis by two feet.

Davis has run against horses and men, and it is the first time in his life that he was beaten.

Several hundred dollars changed hands on the result. Davis has issued a challenge to meet "Babe" a month from today, as he is not sure as yet that the little fellow from Elko is champion.

Maher will be remembered here as the youngster attending the University last year. He was beaten here in the try-outs for the field day events by Gus Hoffman.

Stock Shipments

No stock was shipped from this point yesterday; that is, from the local corrals. Five cars of cattle consigned to C. Sommers were sent out.

Today orders have been placed for the following:

Ten cars of cattle to Poly, Hilborn & Co., San Francisco; seven cars to the Oakland Meat Co.; eight cars of sheep to C. Johnson & Co., and twelve cars of cattle from Carson to the Oakland Meat Co.

Twelve cars of sheep will also be shipped to Cassellette & Co.

FUNERAL NOTICE

Notice is hereby given that there will be a special called communication of Reno Lodge, No. 13, F. & A. M., at Masonic Temple, Sunday afternoon, January 18th, at 1 o'clock, for the purpose of attending the funeral of our late brother, D. B. Lyman, of Carson Lodge, No. 1, F. & A. M. Procession will form at Temple and march to the residence of deceased at 1:30 o'clock. By order of the Worshipful Master.

S. M. JAMISON, Secretary.

Mr. Johnston, manager of the Reno Delicatessen & Home Bakery, has added another counter which gives the store a very neat appearance. Mr. Johnston's business is good; everything looks neat and clean about his place. See the ad in another column.

EAGLES, ATTENTION!

Brothers and visiting members will meet at Harmony Hall, Sunday, Jan. 18, at 1 p. m., sharp, to attend the funeral services of our late brother, Ed Martin.

F. P. DANN, Worthy Pres.
F. G. FOLSOM, Worthy Sec'y.

Fresh caramels at Menheim's.

STATE BOARD OF EQUALIZATION

THE Board of Assessors met and adjourned, with but little if anything to indicate the result of its deliberations. Taken altogether the law creating the law has proved a failure and should be repealed. It should however be substituted by an act creating a State Board of Equalization, composed of the Governor, Controller, and either the State Treasurer or the Attorney General. This Board should be invested with such absolute power as is only made conditional or discretionary in the act creating the Board of Assessors. The officers we have named being elected by the people of the entire State, are the proper persons to equalize taxation for the general interest of their constituency, without reference to minor local interests or the political interest of county assessors or county boards of equalization, who are sometimes governed in their official acts by motives, which if not personally selfish in the matter of political support, are at least not broad enough to extend beyond the limit of their own county boundaries. All property of a general character the value of which does not depend upon locality or local conditions, should be passed upon by a body not controlled or influenced by such conditions, and which would see that such property as comes under the general class is assessed at a uniform valuation. We know of no way to accomplish this except by a State Board. The defunct State Board law contained some good features, but it was too limited in its range, and restrictive in the power conferred. What is needed is a law which will enable the Board to act decisively and finally upon all matters that may come before it, under the provisions of the law, which should embrace everything which will tend to the inauguration of a system of uniform taxation throughout of the State.

NEGRO RIGHTS

IN commenting upon President Roosevelt's letter upon negro rights, the Commoner says: He has taken advantage of an extreme statement against the negro to make an eloquent plea for the black man, but he has not met the real issue. No party advocates the exclusion of the colored man from all official positions. Mr. Cleveland appointed negroes to office and these appointments were confirmed by a Democratic senate. The question is, why does the President refuse to apply the same rule in the north as he does in the south? He respects the prejudices of white Republicans in the north, but he takes occasion to lecture white Democrats in the south for entertaining the same prejudices where the conditions are such as to make those prejudices stronger. There are enough positions which the colored man could hold without raising a race question. As the President is a candidate for re-election and may need the votes of the colored delegates, his letter will not be viewed as a disinterested statement of his views.

THE spectacle of Mark Hanna and Postmaster General H. C. Payne sending a telegram of censure to the 17 Republican members of the Colorado house of representatives who refuse to stultify themselves by voting to unseat Democratic members, without investigation, is but another evidence of the thoroughly rotten condition of the national Republican committee. Boodle, fraud and intimidation are their open and only methods of campaigning. What can be expected of an organization controlled by such pirates—Boise Capital News.

A HIGHER STANDARD

THIS is the season of the year when we may expect to see newspaper columns filled with statistics proving that the old year was a year of progress, a successful year. We will be told that so many bushels of wheat, and so many bushels of corn, and so many bales of cotton, and so many pounds of tobacco, and so many gallons of whisky, and barrels of beer, and tons of iron, and gold, and silver, and copper, and lead were produced in America and shipped to other lands.

We will learn what were the gross bank deposits in the nation, how many miles of railroad, telegraph and telephone are in operation, how many millions have been spent for improvements, in this and that direction by private and public enterprise, and when we have read it all and digested it all we will be dazzled by the sum total of our accomplishments.

And yet, in the ledger of time these things do not count for much, these are not the things that make for success in the highest and truest meaning of the word, these are not the things that will count in the balance sheet when we reach the end of time's journey and the portals of eternity open before us. It is well to have these, but without other things they are of little account (N. H.) Patriot.

THE Nevada State Journal sensibly suggests that inducements should be offered the ten thousand Boers, or a portion of that number, that have decided to make the United States their home, to settle in this State. There are millions of acres of uncultivated, fertile land in Nevada valleys that if settled by an industrious and thrifty race like the Boers would soon become productive.—Report.

IT is Mr. Carnegie's income and not his outgo that worries him. It's the reverse with most people, says the Salt Lake Desert News.

AS OTHERS SEE IT

NEVADA, says the Ogden Standard, in proportion to population, has the largest school fund of any of the States. There is now in the treasury of that commonwealth \$1,672,000, the greater part of which is school money. This sum is equivalent to a per capita of nearly \$40, or a third more than the per capita in money, of the entire United States. When Nevada was highly prosperous, and the mines of Virginia City, Austin, Eureka and Hamilton were producing millions in gold, silver and lead, there were public men thoughtful enough to obtain legislation imposing a billion tax, which was set aside for a school fund and, in addition, sales from State school lands swelled the total to be applied to education, with the result that the greatest school treasury in the country was obtained, most of the money being invested in government and State bonds. Whatever may be said in derogation of the politicians of our neighbor, certain it is that in legislating for the intellectual advancement of their children they have shown a high degree of common sense and set an example which might be emulated to advantage by other sections of the country.

APOSTLE SMOOT

THE senatorial agony in Utah is over. Apostle Reed Smoot was nominated on the first ballot in the Republican legislative caucus for United States Senator. This of course settles the question so far as his election is concerned as the Republicans have a majority in the legislature. We said "the agony was over" but perhaps it has only commenced as doubtless the Apostle's right to a seat in the senate will be contested on the ground that he holds his allegiance to a church power higher than his fealty to the constitution of the United States, and that consequently his legislative acts will be controlled by the leaders of the Mormon Church.

There is at least one thing that is creditable to the Apostle. His election was disfavored by Senator Hanna who did all in his power as chairman of the Republican National Committee, to effect his defeat. It is perhaps questionable whether obedience to the mandates of the "Apostolic Twelve" would not be preferable to subservience to the hoodle Senator from Ohio.

BRET HARTE left an estate of less than \$1800. But he left a legacy of literature which will be enjoyed by generations yet to come. He will be remembered when the names of some of our present one-hundred-ply millionaires will have passed from the memory of man.

MEXICO has suspended the duties on wheat, as a means of breaking up the Mexican wheat ring that had forced up prices. In this country we appoint commissions to "investigate" the cause, and while the investigations are proceeding, the "rings" are harvesting.

A MOVEMENT is on foot to increase the salary of President Mitchell, of the Mine Workers Union. The miners believe that their pay will be increased on account of the investigation, and that Mitchell, who managed the contest, should be rewarded.

MR. CARNEGIE has promised aid to the Lick observatory. A sort of a lick and promise, as it were.

The Man About Town..

Office
Same Old
Place

It is with regret that the Man About Town is obliged to offer another apology in this issue, but it is called for on account of the fact that The Journal of yesterday morning made an error in reporting but two attempted suicides in the city for the evening previous when there were three.

Now, the Man About Town came near making it a full quartet; and would surely have done so had he not thought that he would not have been so fortunate as to have a physician with a stomach pump hand-by, as were the others who had decided to avoid life's troubles. In fact, he thought the fool killer would be around in time to send his soul to the great dump without any special exertion or expense of his own.

"What fools some mortals be." They do not seem to realize that they will investigate the secrets of the future quick enough without aiding natural causes.

While the Man About Town does not particularly desire to see the destruction of property he would like to stand near the depot and see a good old-fashioned "rush" made by the college boys—for instance, the "Sophes" on the "Freshies"—into the Reno postoffice. There would be no further trouble about the contracted entrance to that building.

Speaking about the postoffice brings to mind the fact as the Man About Town, having waited some hour or so for his mail, was about to leave the building that in came a sprightly looking schoolmarm. Now, if there is anything this Man About Town likes better than a schoolmarm it is more schoolmarms. Well, she had some mail which she wanted to see properly attended to. Going to the rear of the foyer she, looked at the handsome brass signs of the letter boxes and audibly remarked:

"North, Purdy; south, Washoe City; east, Vista; west, Laughton's; City, San Francisco; why how foolish I was not to have noticed that before."

And in popped her letter to her friend in San Francisco.

A race war was on yesterday early in the morning that promised to extend over a large expanse of territory, as one of the contestants threatened to spread maroon-colored butter all over the pavement on Commercial Row. The timely disappearance of the Man About Town prevented a more extended account of the affair.

There are few towns in the country where the delivery wagons of the numerous stores get the move on that is displayed in Reno. The Man About Town would advise pedestrians in traveling the main streets of the city to look well before trying to make a crossing and see that one of these free carriers is not coming, for all of them go at a 2:40 gait, are no respecters of persons, and the drivers think they have the right-of-way over this portion of the earth and to run over everybody. There is one thing good about these reckless drivers, however, which is commendable. When they have passed a crossing at reckless speed and came near running over someone they will sometimes holler back "look out there."

Fly Remington blew into town from the west last evening. He had a discussion with an individual from the wilds of Winnemucca who dislocated the cartilage of his proboscis.

A young man ought in justice to himself and parents carry enough New York Life insurance to pay his own funeral expenses, if he don't then he can't afford to die and death awaits on no one whether he can afford it or not. Shepard & Cox are waiting for you; so is death. See us first. J1312

What the Papers of the Country Have to Offer

METAL PRODUCTION

CATTLE FREEZING

Summary of the Output of Minerals of the Various Mineral Producing States

The summary of the output of minerals from the counties of Colorado shows the production during the year to have been \$49,545,000 (estimated). While this amount is a small percentage less than the production of 1901, yet it is a very gratifying exhibit considering all things.

While the price of silver during 1902 was the lowest yet recorded the improved methods of handling have so reduced the cost per ton that the decreased value of the output of that metal is but 20 per cent. The gold production has increased to an appreciable per cent, the same factor, i. e., reduced cost of production, entering somewhat in this result. The action of the American Smelting and Refining Company in reducing the treatment charges on certain low grade ores stimulated the production toward the last of the year and should the charges now obtaining prevail during 1903 a very large tonnage of hitherto unavailable stocks of ore will be marketed, which will affect favorably the results for 1903.

South Dakota's production has materially increased, due to the increased capacity of the reduction plants and the investment of capital in development. The State has a great mining future; its resources are but just beginning to be understood, many large mills are under construction and 1903 promises well. Montana and Arizona have continued their contributions of gold and copper to the wealth of the country, and although the production of the territory of Arizona hardly equals the production of 1901, the causes are well understood. The great fire at the mines of Senator Clark being the most important factor.

The production of mineral in Utah exceeds that of 1901 and with the extensive production promised from the Cactus and other large properties, 1903 should be a banner year.

While there has been no "bonanza" district discovered the year 1902 has been a very satisfactory one for the industry of mining, and the future is full of promise.

What is "Going On."

The members of the Legislature of California have provided themselves with extra help that will cost the State \$12 per day for each member in the Assembly and \$20 in the Senate. The extra help is composed of men who keep the corporations informed of what is going on, and presumably they will keep the members to whom they are attached informed as to what the corporations want to go on. The people may dig up their own information as to what is going on.—Gardnerville Courier.

Matters of Interest

Look over the columns of The Journal and see the many attractive advertisements to be found. They are all set up-to-date and contain many useful hints that might well be taken advantage of.

Kuhn Bros. have a little to say this morning that will interest all in search of good goods. They have the goods and invite you to look at them. Read the advertisement, then go down and get acquainted with this progressive firm.

Our Advertisers

Elsewhere in this issue will be found the display advertisement of John Sunderland. Mr. Sunderland carries a stock of goods that cannot be excelled on the coast. He has everything that can be imagined in the way of men's furnishing goods and a look at his magnificent stock will at once convince one where money can be saved in buying articles of the kind mentioned above. Read the advertisement.

Interesting Lectures

Prof. Thurtell, of the department of mathematics, of the Nevada State University, will deliver, the second University extension lecture course, on Friday evening, January 23d, at Gardnerville. He will also deliver an address to the pupils of the Gardnerville schools on the afternoon of that date. The subject of his afternoon lecture is, "The Astronomy of the Earth," and the subject of the evening lecture is "The Advantages of the Engineering Schools of the State."

CONFESSIONS OF A PRIEST

Rev. Jno. S. Cox, of Wake, Ark., writes, "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters, and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by S. J. Hodgkinson. Only 50c.

Skates, sleds, guns, ammunition, at the lowest prices at Schmitt's.

CHEAPNESS

QUALITY

TO ADJUST THE TWO

—good workmanship and fair prices— it is only necessary to engage a PLUMBER who is satisfied with a moderate profit.

If the plumbing bills for the past year have been too high we have not done your work.

If material and workmanship was poor some other fellow has made a bad job of what we would have done well.

We are ready to do your work this year.

Walter Shane Dead

Walter Shane, well known in the eastern part of the State, and a brother of Dolph Shane, of this city, died in San Francisco day before yesterday. He was seventy-two years of age. For many years he was in the mining business in Nye county and was quite successful.

Fresh almond chocolate nougat at Macken's.

ALL AROUND THE TRACK

How the Good Ones Are Booted From Start to Finish.

Jockey Ransch, who will shortly leave for France, had one mount today and won by a head.

Although not as many combinations went through at the Oberon today as yesterday, Bookmaker Johnson cashed those that won with the same old smile. This bookmaker has shown that he can lose happily.

The jockeys divided honors at Oakland, none of them winning over one of his mounts. The winners were Troxler, J. Daly, McMahon, Minder, Ransch and C. Kelly.

The first race of the day's meeting at Oakland was won by a 12 to 1 shot, J. H. Bennett, ridden by Jockey Troxler. Instar, at 10 to 1 was second and Isabella, the 3 to 1 favorite, ridden by Jockey Burns, was third.

The second race of the day was over the futurity course and was won by Golden Cottage, ridden by Jockey J. Daly. Erema was second and Imp, Mildred Chultz was third.

The third race was a hurdle handicap for a distance of 1-4 miles. Poorlands, at 8 to 1 in the betting, was first. Mike Rice, at 12 to 5, was second and Duke of York, at 2-1-3 to 1, was third.

The fourth race was a 3-4 mile handicap and was won by the 7 to 5 favorite, Byron Rose, ridden by Jockey Minder. Money Muss, with Donnelly up, and 12 to 5 in the betting, was second and Yellow Tail, at 6 to 1, was third. Sad Sam and Bragg also ran in this race.

The fifth race was for a distance of 11-16 of a mile and was won by Lizzie Rice, at 3 to 1 in the betting, ridden by Jockey Ransch. Mi Reina came from behind and finished a head behind Lizzie Rice. Warte Nicht was third. Jockey Donnelly had the mount on Mi Reina.

The last race of the day's meeting was for a distance of 1 mile and 50 yards, and was won by Katie Walcott, at 7 to 1 in the betting, and ridden by C. Kelly. Uuloo, the 2 to 1 favorite, was second and Mission was third.

Jockey Henry Spencer has been a visitor at Hot Springs, Ark., for the past two or three weeks, and will probably not come out to the coast this winter.

Dick Ward, who was California's best rider a dozen years ago, one of those never-say-die fellows, who never knew when he was beaten, was at the Oakland track yesterday, shaking hands with his old-time friends. Ward looks well, and weighs but 118 pounds, notwithstanding he has been out of the business for about eight or nine years.

Barney Schreiber has purchased of Garnet Ferguson, at a price not made public, the bay mare, Maud Ferguson, by Prince Royal, dam Blue Hood, and will send her to Brentwood Farm, Antioch, and later to his Woodlands Stud, Bridgeton, Mo. Maud, once a very performer, was a stake-winner in her two-year-old form.

Jockey Eddie Jones has been suffering with a boil on his right leg, and yesterday he had it lanced, in consequence of which he will not be able to ride for about a week.

George Van Gorden, who lives near Danville, Contra Costa county, is the proud possessor of perhaps the largest, best-developed and raciest looking yearling colt in the country.

Mrs. Thomas Roberts Very Ill

Mrs. Thomas Roberts was reported as very ill last night and much apprehension is felt as to the ultimate outcome. Mrs. Roberts has been suffering from pneumonia and being well along in years does not seem to pick up as readily as wished for.

Her daughters, Mrs. A. J. Willis, of Sacramento, Mrs. Thomas Douglas, of San Francisco, and Mrs. Kate Beedle, of Sacramento, are here, and her son, William Jones, of Dallas, Oregon, and another daughter, Mrs. George King, of Ogden, are expected here this morning.

Mrs. Roberts is one of the best known ladies in Reno and has a score of friends, including The Journal, that hope to learn of a turn for the better.

Hot noon lunch at the J. J. Becker Saloon.

YOU wouldn't hesitate to pay \$100 to a doctor who would guarantee to cure you of Liver or Kidney Trouble, Dyspepsia, Rheumatism, Nervous Debility, or remove dreaded Scrofulous humor from your system. Then why should you hesitate to pay \$1.00 for a bottle of Kickapoo Indian Sagwa when it is guaranteed to cure or money refunded? You run no risk of loss, your chances of gain are practically certain. Why hesitate longer? Go to your druggist today.

KICKAPOO SAGWA NATURE'S OWN BLOOD PURIFIER

"I was troubled with weak eyes which alarmed me so that I went to a physician. He said my trouble was due to Scrofula and gave me something which I took 3 months without much relief. I then began taking Kickapoo Indian Sagwa and in a few days felt a marked change for the better. Five bottles drove the Scrofula entirely out of my system, cleansed and purified my blood and restored my eyes to a normal condition."—Miss Josie Colgan, Treasurer Good Templars, 824 E-18th St., Kansas City, Mo.

GOOD NEWS

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the rough cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. This remedy is used by many thousands of mothers and has never been known to fail. It is, in fact, the only remedy that can always be depended upon and that is pleasant and safe to take. For sale by S. J. Hodgkinson.

Home made bread, pies and cakes at the Delicatessen & Home Bakery, Dec 31-14

Low Prices and Honest Goods

Try the new store at 115 Virginia street when you want notions, stationery, wall paper, ladies and gents' furnishing goods, etc. A variety of stock Twelve years in business in Reno the people know they will receive honest and fair treatment from D23tf P. ANDREUCETTI.

SAFE AND SURE

There is no opium or other harmful substance in Chamberlain's Cough Remedy. It may be given to a baby as confidently as to an adult. It is pleasant to take, too and always cures and cures quickly. It is a favorite with mothers of small children for colds and croup. For sale by S. J. Hodgkinson.

General State and Mining News from All Sources

STATE NEWS OF INTEREST

What the People Outside of Reno Are Doing

Frank Golden, of this city, yesterday received a telegram from Tonopah stating that a big strike had been made in the Desert Queen mine, in which he is interested. As the property is away from the main ledge of the big company, it is a good thing for the company and the camp.—Carson Appeal.

The sporting men of the State are not a little exercised over the rumors that there will be an attempt made to move all gaming to the upper floors of Nevada's pretentious buildings. They are organized, I am told, and will ask the members-elect to tell them why such a move is necessary for the moral condition of Nevada. They want to be "shown," but at this writing none of them expect to have to "put in their hand."—Virginia Enterprise.

Accidentally Shot

Last evening, Washoe Johnny, one of the Washoe tribe Indians, came to the sheriff's office looking for a doctor, as one of the Indians at the camp near Bath's ranch had shot himself in the arm with a shotgun. Johnny stated that he had blown off his arm near the elbow and he was afraid that the man would bleed to death.

It appears that the Indian was crawling into one of the campodules, when the gun accidentally exploded and tore his arm away. The name of the unfortunate Indian could not be learned, as Johnny left with a doctor for the camp, before imparting this information.—Carson Appeal.

HELD FOR BURGLARY

Jerry Connoley Attempts to Rob the Till in Todd's Saloon in Carson

The Carson Appeal of yesterday morning has the following:

Yesterday evening a warrant was sworn out for the arrest of Jerry Connoley, on the charge of burglary. Some time during Wednesday night the saloon of Andy Todd was entered and an attempt made to rifle the till. A knife was used and the cash drawer was nearly cut out. Evidently some noise disturbed the invader, as he left the knife and his hat in the saloon and forgot to shut the door. Three bottles of whiskey were missing.

When the sheriff's attention was called to the matter, he immediately started on a still hunt and concluded that Connoley did the work. He swore out a search warrant, and going to Connoley's room, found two bottles of whiskey, of the same brand that is missing. The hat was also identified as Connoley's. When these circumstances were discovered, the man was arrested. At first Jerry denied all knowledge of the affair, but later in the evening he confessed to taking the goods. He stated that he was drunk at the time and did not realize what he was doing.

Connoley has been on a protracted spree for some time, and while in this condition probably entered the saloon. He had a key that fits the saloon and this was used to effect an entrance.

The offense is a serious one and Connoley will have to put up a fight to keep out of the penitentiary.

JUSTS ALL PREDICTIONS

J. F. Hughes was a candidate for county treasurer at De Font, Ga., but it was predicted that he could not live six months. He was afflicted with a running abscess on his lung and suffered for three years; his life trembled in the balance when he heard of Dr. King's New Discovery for consumption. He tried it and was finally cured and thus upset the predictions of all who knew him. It's positively guaranteed or throat and lung trouble by S. J. Hodgkinson. Price 50c and \$1.00. Trial bottle, free.

Drop into the Reno Market, 25 Commercial Row, and inspect the good things to eat on the delicacy counter. Today we have cold roast beef and cold boiled ham, potato salad with cream dressing, shrimp salad mayonnaise dressing, all kinds fresh fish, shell fish, lobsters, shrimps, clams, etc. We make a specialty of fresh New York canned oysters, large and fresh, at 20c per dozen. Fancy creamery butter, none quite so good, 50c a roll. D194

The remainder of our gent's furnishing goods, will be sold way below cost to clear them out. Reno Co.-Op. store. Try Short's fancy dairy butter, none better. For sale at Co.-Op. store. tf

MINING NEWS OF INTEREST

Gathered from Doings of the Camps Here-about

At the annual banquet of the Colorado Scientific Society a gentleman, who is known as a past master in the science of mining, made the paradoxical remark that the low price of silver, now prevailing, was not without advantages. A sustained conversation around a banquet table is not possible, and the full reasons why the low price of silver was somewhat of a blessing in disguise was never learned. The practice of "whistling through the graveyard" shows a commendable spirit of cheerfulness under adverse conditions, and the jovial silver miner referred to certainly deserves to be ranked with the immortal Mark Tapley. There is a great deal of credit in being "jolly" just now.

The remark, although made jestingly, has an element of truth and there are some very real lessons to be learned from the present conditions in the silver market.

It has been well said that prosperity covers a multitude of sins. When profits are large, and regular, everyone is contented, control becomes lax, economics are not practiced and there is a general desire to leave well enough alone. Anyone who has gone through an old time bonanza mine will understand what we mean. In these money was squandered and from the records of the company, in most cases, facts can be obtained which would go to show that the management was very inefficient. Yet big dividends were paid. Other mines contemporaneous with these bonanzas showed excellent management and yet they did not pay. From these circumstances arose the saying attributed to a famous Nevada miner "I want a mine that needs no management." This remark was unfortunate and is frequently used by unbusinesslike mine managers to justify themselves.

When times are hard more vigilance is usually exercised and all resources are husbanded in order to keep the business going. It is only a few years since when nearly all the silver mines of the West closed down when silver fell to 60 cents an ounce. A few years later they reopened and made profits at that price, and now things have come to such a pass that a well known Leadville operator remarked to the writer that he would like to see again the good old times when silver was worth 80 cents! The question instantly arose in one's mind as to why the same ore which paid a profit in 1901 with silver at 60 cents did not pay in 1896 at the same quotation. They have reorganized their methods, introduced economics (which were thought niggardly five years before) and adapted themselves to new conditions.

No candid man, who knows anything of business affairs, can fail to see that many of our mines are not well managed. The steam plants are often inefficient, extravagances are allowed in some directions and foolish parsimony prevails in others. Under the stress of 45 to 50 cents per ounce for silver more and more careful management must prevail and many useful lessons will be learned.

When a higher order of management becomes general and the price of silver again advances to 60 cents, as all hops and most believe, then silver mining will be more prosperous than ever. Our jovial friend, the silver miner, introduced at the commencement of this note, would have elaborated this considerably and given other reasons but other remarks made showed that he believed that careful and progressive management would do much for the future prosperity of the silver mining industry. Hence his paradoxical remark.—Mining Reporter.

Dislocated Her Shoulder

Mrs. Johanna Boderholm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep, which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by S. J. Hodgkinson.

People Who Move

J. H. Stoddard was an arrival from the Comstock last evening.

John Jenkins of Tonopah was among the arrivals from the south last evening.

Frank Pierce came up from San Jose last night and will put in a few days here.

W. C. Greathouse of Elko was among the visitors in the city last night.

Peter Webber is in from White Pine county looking as hale and hearty as usual.

H. Argens left last evening to attend the funeral of his sister-in-law in San Francisco.

F. R. Marr of the Constantia ranch arrived from the north last evening and is a guest at the Palace.

Chas. Green of Cherry Creek was among the arrivals from the east last night. He is a guest at the Palace.

P. Sullivan, who is interested in mining matters in Tonopah, was a passenger on the V. & T. last night.

H. C. Hepner, a mining man of Cripple Creek, came in from the east last night. He will remain here for a few days.

Hon. Lem Allen dropped down from the Capital last evening and shook hands with friends. He is a guest at the Arcade.

D. J. Biggins of Winnemucca was among the arrivals from the east last night. Jack will be heard in the legislature this session.

Hon. Rob't. Raffice, the heavy-weight statesman from Eureka, accompanied by his wife, was an arrival in Reno Friday. Bob will go to Carson today to meet with the solons at their caucus Sunday evening.

ANOTHER STRIKE IN TONOPAH

No Camp on Earth Can Hold a Candle to It

Frank Golden, of this city, the Tonopah mine owner, has received information of another great strike just made in Tonopah district, says the Carson News.

This time it is in the Desert Queen property, east of the Mispah, and owned by Messrs. Oddie, Brougher, Mr. Brock, of Philadelphia, and others. In the shaft at a depth of 500 feet 5 1-2 feet of \$30 ore was encountered. When asked if the new strike was on some vein already discovered in the Mispah, Mr. Golden said:

"I think not. The ore doesn't look like Mispah ore, so I take it that it is a new vein, heretofore uncovered. The mineral belt out there is a wonder. During the past six weeks, I believe four strikes have been made in various parts of it, merely in sinking a straight shaft and without any drifting. I do not believe such a thing was ever heard of in any other mining camp in the world. It appears as though the veins were so close together that they are difficult to miss."

May be a Rich Mine

A Carson City business man, who has dabbled in mines somewhat for the past few years, has discovered within three miles of this city what he believes to be a very rich mine.

Assays have been made and thus far the supposition is confirmed.

"However, I do not want anything said about it at this time," he explained. "There have been so many false alarms, and rich claims that amounted to nothing, heralded in this vicinity, that I do not propose to get up any excitement or rush into the newspapers, until I thoroughly convince myself that I have found something."—Carson News.

Will Be Shipped Sunday

The remains of the late D. B. Lyman will be shipped to Oakland tomorrow night and will be interred Monday. A special casket has been ordered that will be one of the most beautiful that ever left this city.

The New Store

When you want new goods in the line of stationery, notions, ladies' and gent's furnishing goods and wall paper give the new store a trial. As I have an entire new line and constantly getting in new goods daily. I have been in business here for twelve years, in Reno, and the people know they will receive good and honest treatment at my store.

P. ANDREUCETTI,
No. 315 Virginia street.

The funeral of the late Ed Martin will take place tomorrow and will be under the auspices of the Knights of Pythias and the Eagles, of which orders he was an honored member.

City News...

In Brief Form

All kinds of cold lunches to order at the J. J. Becker Saloon.

The Owl Cafe will be opened again with the next two or three days.

According to the Carson weather man we ought to have good weather today. He says it will be good, and he ought to know.

The Legislature will be in session Monday. It is said that it will meet in Carson. What else it will do remains to be seen.

Trains from the east continue to come in when they get ready. They were all late yesterday and it's none of our business and we know it.

The finest cigars, notions, stationery, etc., on the coast can be had at Harry Davis' cigar store. He carries the latest in everything in his line.

P. A. McCarran will wield the quill for the Gazette during the session of the Legislature. Pat is a good writer and will undoubtedly send down fine copy.

During the year the Southern Pacific will add to its equipment 1600 box cars, 500 stock cars, 1000 flat cars, 100 chair cars, ten 10 wheelers, 13 compounds, 18 moguls and 25 switch engines, orders having been placed with eastern firms. Besides the Sacramento shops will build a lot of cars.

Messrs. Frank Everett, E. McGrath and C. D. Eggert of Reno were arrivals Tuesday and proceeded up the river to Horseshoe Bend on a tour of inspection, says the Gardnerville Record, preparatory to commence work on their placer claims, extending 22 miles up the river. They intend putting in an Evans elevator plant with a daily capacity of 2700 tons and a four mile ditch to supply motive power. Work will be commenced just as soon as weather permits.

NEW TODAY.

AETNA MINERAL WATER

(Bottled at Aetna Springs, Napa Co. Cal.)

There are so many kinds of mineral waters on the market, and all claiming to possess healthful properties, that it is difficult for a person to make a choice.

When we consider, however, that AETNA has stood in the front rank for years, has been a favorite in households as well as public resorts, and has been recommended by eminent physicians, who use it themselves and prescribe it for patients, there should be no question in the matter of selection.
